

Our IR is for 10 children in Year 3 to Year 6. We only have a small amount of children in a big space to help support our different needs. There are 3 members of staff to help us learn and stay on task. The curriculum is different compared to mainstream lessons as we get to do Food Technology, Life Skills and Sensory Learning, which all help us to learn more.

## The Dining Room

The dining room is where we eat our food with our friends. We have a seating plan in this large space. We also do Food Technology and Science lessons in there and have done experiments with eggs, circuits and honeycomb.

Elijah – “My favourite room is the dining room where I eat my dinner and do Food Technology.”

“I like to keep my things safe in my drawer.” - Harry

In our classroom we have toilets, an Interactive Whiteboard, our desks and chairs, our supplies, a sink, and a door to our outside area. At our tables, we all have draws to keep our things safe and organised.

“I like seeing our work displayed on the board.” – Harlie

“I like finding a book and reading it, sat on the sofa.” – Sienna

## Our School day

Every day we follow the same routine but the lessons vary.

- Morning job
- RWI/Guided Reading
- Morning routine (date, weather, ZoR)
- Maths
- Playtime
- Lessons
- Dinnertime
- Bucket Time
- Lessons
- Home time

After every lesson we can choose to have a sensory break to help us regulate.
